BOARD OF DIRECTORS AND COMMITTEES

The Board currently has an Executive Committee, an Audit Committee, a Finance Committee, a Corporate Responsibility Committee, a Personnel Committee, and a Compensation Plan Subcommittee of the Personnel Committee, and may also appoint other committees from time to time. There is currently no Nominating Committee. There were five meetings of the Board of Directors during the last fiscal year. Each director attended at least 75 percent of the total number of meetings of the Board of Directors and committees on which he or she served, except for Dr. Spence who attended 50 percent.

The Executive Committee of the Board is currently composed of Messrs. Knight (Chairman), Clarke, and Houser. The Executive Committee is authorized to act on behalf of the Board on all corporate actions for which applicable law does not require participation by the full Board. In practice, the Executive Committee acts in place of the full Board only when emergency issues or scheduling make it difficult or impracticable to assemble the full Board. All actions taken by the Executive Committee must be reported at the next Board meeting. The Executive Committee held no formal meetings during

5

9

Edgar Filing: NIKE INC - Form DEF 14A

the fiscal year ended May 31, 2001, but took actions from time to time pursuant to written consent resolutions.

The Audit Committee is currently composed of Mr. Hayes (Chairman), Mr. Houser and Dr. Spence. The Audit Committee reviews and makes recommendations to the Board regarding services provided by the independent accountants, reviews with the independent accountants the scope and results of their annual examination of the Company's consolidated financial statements and any recommendations they may have, and makes recommendations to the Board with respect to the engagement or discharge of the independent accountants. The Audit Committee also reviews the Company's procedures with respect to maintaining books and records, the adequacy and implementation of internal auditing, accounting and financial controls, and the Company's policies concerning financial reporting and business practices. The Audit Committee met four times during the fiscal year ended May 31, 2001.

The Finance Committee considers long-term financing options and needs of the Company, long-range tax and currency issues facing the Company, and management recommendations concerning major capital expenditures and material acquisitions or divestments. The Finance Committee met five times during the fiscal year ended May 31, 2001.

The Corporate Responsibility Committee is currently composed of Dr. Conway (Chair), and Messrs. Donahue and Spence. The Corporate Responsibility Committee reviews significant activities and policies regarding labor and environmental practices, community affairs, charitable and foundation activities, diversity and equal opportunity, and environmental and sustainability initiatives, and makes recommendations to the Board of Directors. The Board established the committee in June 2001.

The Personnel Committee is currently composed of Mr. DeNunzio (Chairman), Dr. Conway, Mr. Jaqua, Dr. Spence and Mr. Thompson. The Personnel Committee makes recommendations to the Board regarding officers' compensation, management incentive compensation arrangements and profit sharing plan contributions. The Personnel Committee met five times during the fiscal year ended May 31, 2001.

The Compensation Plan Subcommittee of the Personnel Committee is currently composed of Dr. Spence and Mr. Jaqua. The Subcommittee grants stock options and restricted stock bonuses under the NIKE, Inc. 1990 Stock Incentive Plan, and determines targets and awards under the NIKE, Inc. Executive Performance Sharing Plan and the NIKE, Inc. Long-Term Incentive Plan.

6

10

DIRECTOR COMPENSATION AND RETIREMENT PLAN

Messrs. Knight and Clarke do not receive additional compensation for their services as directors. Directors are reimbursed for travel and other expenses incurred in attending Board meetings. No fee is paid for attending Compensation Plan Subcommittee meetings. In fiscal 2000, directors made a one-time election to be compensated under either:

(a) the previously existing method, which consists of a fee of \$18,000 per year, plus \$2,000 for each Board meeting attended, \$1,000 for each committee meeting attended, medical insurance, and \$500,000 of life insurance coverage, or

(b) a revised compensation method, which consists of a fee of \$36,000 per year, plus \$2,000 for each Board meeting attended, \$1,000 for each committee meeting attended, an annual grant of an option to purchase 1,000

Edgar Filing: NIKE INC - Form DEF 14A

shares of stock at the market price at grant, but no medical or life insurance benefits while serving or after retirement.

Messrs. DeNunzio, Houser, and Spence elected the latter revised compensation, and any new non-employee directors elected after fiscal 2000 will be compensated in the revised fashion.

The Company has since 1989 provided certain retirement benefits to non-employee directors who retire after serving for five years or more. The plan has provided that after ten years of service by a director, the Company will provide such director for the remainder of his or her life with \$500,000 of life insurance and medical insurance at the levels provided by the Company to all of its employees at the time the director retires. The plan has also provided that a director who has served for at least five years will receive an annual retirement cash payment for life, commencing on the later of age 65 or the date the director retires or ceases to be a member of the Board. The annual retirement cash payment ranges from \$9,000 for five years of service up to a maximum of \$18,000 for 10 or more years of service.

In fiscal 2000, in an effort to reduce future retirement obligations, the Board of Directors approved a new retirement plan that allowed directors to make a one-time election to waive their future rights to annual retirement cash payments in exchange for a credit to a stock account under the Company's Deferred Compensation Plan equal to the lump sum present value of the payments based on the actuarial life expectancy of each director. The number of shares of Class B Common Stock credited to each stock account was based on the market price of the stock on September 1, 1999. The three directors that chose the revised compensation method (b) above were required to opt for the new retirement plan. All other directors, except for Messrs. Donahue and Robinson elected the new plan. The number of shares of Class B Common Stock credited to the stock accounts of each director was: Dr. Conway, 4,165; Mr. DeNunzio, 3,852; Mr. Hayes, 4,217; Mr. Houser, 4,243; Mr. Jaqua, 2,610; Dr. Spence, 1,220; and Mr. Thompson, 3,271. Any new non-employee directors elected after fiscal 2000 will not receive retirement benefits.

New directors elected after the 1993 fiscal year must retire at age 72.

7

11

STOCK HOLDINGS OF CERTAIN OWNERS AND MANAGEMENT

The following table sets forth the number of shares of each class of NIKE securities beneficially owned, as of July 15, 2001, by (i) each person known to the Company to be the beneficial owner of more than 5 percent of any class of the Company's securities, (ii) each of the nominees for director, (iii) each executive officer listed in the Summary Compensation Table ("Named Officers"), and (iv) all nominees, Named Officers, and other executive officers as a group. Because Class A Stock is convertible into Class B Stock on a share-for-share basis, each beneficial owner of Class A Stock is deemed by the Securities and Exchange Commission to be a beneficial owner of the same number of shares of Class B Stock. Therefore, in indicating a person's beneficial ownership of shares of Class B Stock in the table, it has been assumed that such person has converted into Class B Stock all shares of Class A Stock of which such person is a beneficial owner. For these reasons the table contains substantial duplications in the numbers of shares and percentages of Class A and Class B Stock shown for Messrs. Hayes, Jaqua and Knight, and for all directors and officers as a group.

(1) The Compensation Plan Subcommittee established a series of performance targets based on fiscal 2003 and 2004 revenues and earnings per share corresponding to award payouts ranging from 10% to 150% of the target awards. Participants will receive a payout at the highest percentage level at which both performance targets are met, subject to the Committee's discretion to reduce or eliminate any award based on Company or individual performance. Under the terms of the awards, on August 15, 2003 and 2004 the Company would issue in the name of each participant a number of shares of Class B Stock with a value equal to the award payout based on the closing price of the Class B Stock on that date on the New York Stock Exchange. The shares will be 100% vested at that time. The Company's performance in fiscal year 2001 corresponded to an LTIP payout of 23% of the target awards for 2001.

Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, the following Performance Graph and the Report of the Personnel Committee below shall not be incorporated by reference into any such filings and shall not otherwise be deemed filed under such acts.

PERFORMANCE GRAPH

The following graph demonstrates a five-year comparison of cumulative total returns for NIKE's Class B Stock, the Standard & Poor's 500 Stock Index, and the Standard & Poor's Footwear and Textiles-Apparel Indices. The graph assumes an investment of \$100 on May 31, 1996 in each of the Company's Common Stock, and the stocks comprising the Standard & Poor's 500 Stock Index and the Standard & Poor's Footwear and Textiles-Apparel Indices. Each of the indices assumes that all dividends were reinvested.

The Standard & Poor's Footwear and Textiles-Apparel Indices include companies in two major lines of business in which the Company competes. The indices do not encompass all of the Company's competitors, nor all product categories and lines of business in which the Company is engaged. Because NIKE is part of the S&P Footwear Index, the price and returns of NIKE stock affect this index.

REPORT OF THE PERSONNEL COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

The Personnel Committee of the Board of Directors (the "Committee"), subject to the approval of the Board of Directors, determines the compensation of the Company's five most highly compensated executive officers, including the Chief Executive Officer, and oversees the administration of executive compensation programs, except that stock option grants, and targets and awards under the Executive Performance Sharing Plan and the Long-Term Incentive Plan, are made by the Compensation Plan Subcommittee (the "Subcommittee"), which is composed of outside directors.

Executive Compensation Policies and Programs. The Company's executive compensation programs are designed to attract and retain highly qualified executives and to motivate them to maximize shareholder returns by achieving both short- and long-term strategic Company goals. The programs link each executive's compensation directly to individual and Company performance. A significant portion of each executive's total compensation is variable and dependent upon the attainment of strategic and financial goals, individual performance objectives, and the appreciation in value of the Common Stock.

There are three basic components to the Company's "pay for performance" system: base pay; annual incentive bonus; and long-term, equity-based incentive compensation. Each component is addressed in the context of individual and Company performance, competitive conditions and equity among employees. In determining competitive compensation levels, the Company analyzes information from several independent surveys which include information regarding the general industry as well as other consumer product companies. Since the Company's market for executive talent extends beyond the sports industry, the survey data

Edgar Filing: NIKE INC - Form DEF 14A

includes global name-brand consumer product companies with sales in excess of \$2 billion. A comparison of the Company's financial performance with that of the companies and indices shown in the Performance Graph is only one of many factors considered by the Committee to determine executive compensation.

Base Pay. Base pay is designed to be competitive, although conservative (generally in the second or third quartile) as compared to salary levels for equivalent executive positions at other global consumer product companies. An executive's actual salary within this competitive framework will vary based on responsibilities, experience, leadership, potential future contribution, and demonstrated individual performance (measured against strategic management objectives such as maintaining customer satisfaction, developing innovative products, strengthening market share and profitability, and expanding the markets for the Company's products). The types and relative importance of specific financial and other business objectives vary among the Company's executives depending on their positions and the particular operations or functions for which they are responsible. The Company's philosophy and practice is to place a relatively greater emphasis on the incentive components of compensation.

Annual Incentive Bonus. Each executive is eligible to receive an annual cash bonus under the Executive Performance Sharing Plan. The "target" level for that bonus, like the base salary level, is set

15

19

with reference to Company-wide bonus programs, as well as competitive conditions. These target levels are intended to motivate the Company's executives by providing substantial bonus payments for the achievement of financial goals within the Company's business plan. An executive receives a percentage of his or her target bonus depending on the extent to which the Company achieves financial performance goals set by the Subcommittee, as measured by the Company's net income before taxes. Bonuses may exceed the target if the Company's performance exceeds the goal.

Long-Term, Equity-Based Incentive Compensation. The long-term equity-based compensation program is tied directly to shareholder return. Under the current program, long-term incentive compensation consists of stock options, 25% of which vest in each of the four years after grant, and performance-based stock under the Long-Term Incentive Plan ("LTIP").

Stock options are awarded with an exercise price equal to the fair market value of the Class B Stock on the date of grant. Accordingly, the executive is rewarded only if the market price of the Class B Stock appreciates. Since options vest over time, the Company periodically grants new options to provide continuing incentives for future performance. The size of previous grants and the number of options held are considered by the Subcommittee, but are not entirely determinative of future grants. Like base pay, the grant is set with regard to competitive considerations, and each executive's actual grant is based upon individual performance measured against the criteria described in the preceding paragraphs and the executive's potential for future contributions.

Under the LTIP, the Subcommittee has established a series of performance targets corresponding to awards of stock ranging from 10% to 150% of the target awards. The performance targets are currently based on revenues and earnings per share. The Company expects that future awards under the LTIP will be for performance periods from between one to three years, in order to provide an incentive to achieve the Company's longer-term performance goals. If performance targets are achieved, the shares of stock issued to executives will be 100% vested for payouts made after 2002.

Edgar Filing: NIKE INC - Form DEF 14A

Stock options and performance-based stock under the LTIP are designed to align the interests of the Company's executives with those of shareholders by encouraging executives to enhance the value of the Company and, hence, the price of the Class B Stock and the shareholders' return. In addition, through deferred vesting and three-year performance periods, this component of the compensation system is designed to create an incentive for the individual executive to remain with the Company.

Other Plans. The Company maintains combined profit sharing and 401(k) retirement plans, a non-qualified Deferred Compensation Plan, and has proposed an Employee Stock Purchase Plan. Under the profit sharing retirement plan, the Company annually contributes to a trust on behalf of employees, including executive officers, an amount that in the past five fiscal years has equaled an annual contribution of between 3.29% to 6.94% of each employee's earnings. The percentage is determined by the Board of Directors.

16

20

For fiscal 2001, under the terms of the profit sharing plan, each employee, including each executive officer, received a contribution to his or her plan account of 3.29% of the employee's total salary and bonus up to \$170,000, and an additional 4.0% of the employee's total salary and bonus in excess of approximately \$80,400 and below \$170,000. Under the terms of the Deferred Compensation Plan, employees, including executive officers, whose total salary and bonus exceeds \$170,000 receive a supplemental profit sharing contribution into a nonqualified deferred compensation account in an amount equal to the additional contribution they would have received under the profit sharing plan if not for the \$170,000 cap on salary and bonus considered for purposes of that plan as required under IRS regulations. Accordingly, those employees each received supplemental contributions equal to 3.29% of their salary and bonus in excess of \$170,000. These profit sharing plans serve to retain employees and executives, since funds do not fully vest until after five years of employment with the Company.

Under the 401(k) retirement plan, the Company contributes up to 4% of each employee's earnings as a matching contribution for pre-tax salary deferred into the plan. This matching contribution is initially invested in Class B Stock, which strengthens the linkage between employee and shareholder interests.

This year, the Company has proposed for shareholder approval an Employee Stock Purchase Plan ("ESPP") that would qualify under Section 423 of the Internal Revenue Code. See Proposal 2. The ESPP would allow employees to defer up to 10% or \$25,000 of their annual compensation for purchases of Class B Stock. The stock would be purchased every six months at 85% of the lower of the price of the stock at the beginning and end of the six-month period. The ESPP is intended to encourage employee investment in the Company and to provide an incentive for employees to increase shareholder returns.

Annual Reviews. Each year, the Committee reviews the executive compensation policies with respect to the linkage between executive compensation and the creation of shareholder value, as well as the competitiveness of the programs. The Committee determines what changes, if any, are appropriate in the compensation programs for the following year. In conducting the annual review, the Committee considers information provided by Human Resources staff and uses surveys and reports prepared by independent compensation consultants.

Each year, the Committee, with the Chairman and Human Resources staff, reviews the individual performance of each of the other four most highly compensated executive officers, and the Chairman's recommendations with respect to the appropriate compensation levels and awards. The Subcommittee sets performance and bonus targets, and certifies awards, under the Executive

Edgar Filing: NIKE INC - Form DEF 14A

Performance Sharing Plan and the LTIP, and makes stock option grants and restricted stock awards. The Committee makes recommendations to the Board of Directors for final approval of all other compensation matters. The Committee also reviews with the Chairman and the Human Resources staff the financial and other strategic objectives, such as those identified above, for each of the named executive officers for the following year.

17

21

For fiscal year 2001, the Company met targeted performance objectives set for named executive officers sufficient for a payout under the Executive Performance Sharing Plan and the LTIP. This resulted from increased profitability due to aligning costs with revenues, and sales increases in key product categories and markets, helping to offset reductions in others. Furthermore, the Company's competitive position in the industry remained strong. The Company's financial performance corresponded to bonuses of 51% of the individual targeted bonuses under the Executive Performance Sharing Plan and 23% of their individual targeted stock payouts under the LTIP.

Chief Executive Officer. In reviewing Mr. Knight's performance, the Committee focused primarily on the Company's performance in fiscal year 2001, which resulted in better earnings compared to the performance of the previous year. The Committee noted continued progress toward the achievement of various strategic objectives such as earnings growth, infrastructure expansion, and growth in key product categories and regions outside the United States. The Committee also considered the other factors and considerations described above. Consistent with the plans, Mr. Knight received a bonus of \$663,000 under the Executive Performance Sharing Plan and an award of \$92,000 worth of Class B Stock under the LTIP. The Committee increased Mr. Knight's base salary for the 2002 fiscal year by 3.8 percent to \$1,350,000. Mr. Knight received no stock option awards.

Section 162(m) of the Internal Revenue Code. In 2000 shareholders amended and re-approved the Executive Performance Sharing Plan, and in 1997 shareholders approved the stock option plan and the LTIP. The plans are each designed to satisfy the performance-based exception to the Section 162(m) limitation on deductibility with respect to incentive compensation for named executive officers, except that restricted stock bonuses granted in March 2000 will not qualify as performance based.

the Company paid Harbor Point Associates, Inc., of which director Ralph D. DeNunzio is President, \$91,667 for financial consulting services, and paid Dr. Jill K. Conway \$74,487 (\$37,226 in cash, and 884 shares of Class B Stock valued at \$37,261) for consulting services rendered for labor relations and corporate responsibility matters. The Company expects to pay Mr. DeNunzio, or his firm, and Dr. Conway for additional consulting services that may be performed by them for the Company during fiscal year 2002.

EMPLOYMENT CONTRACTS AND TERMINATION OF EMPLOYMENT AND CHANGE-IN-CONTROL ARRANGEMENTS

An agreement between the Company and President of New Business Ventures, Dr. Thomas E. Clarke, contains a covenant not to compete that extends for one year following the termination of his employment with the Company. The agreement provides that if he voluntarily resigns, the Company will make monthly payments to him during the one-year noncompetition period in an amount equal to one-half of his last monthly salary. The agreement provides further that if his employment is terminated by the Company, the Company will make monthly payments to him during the one-year noncompetition period in an amount equal to his last monthly salary. The Company may unilaterally waive the covenant not to compete. If the covenant is waived, the Company will not be required to make the payments described above for the months as to which the waiver applies.

The Company has a similar agreement with Vice President Mark G. Parker that extends for one year following the termination of Mr. Parker's employment with the Company. The agreement provides that if Mr. Parker voluntarily resigns, the Company will make monthly payments to him during the one-year noncompetition period in an amount equal to the greater of (i) \$20,833 or (ii) one-twenty-fourth of the total salary and bonuses received by Mr. Parker during the 12-month period immediately preceding his resignation. The agreement provides further that if Mr. Parker's employment is terminated by the Company, the Company will make monthly payments to him during the one-year noncompetition period in an amount equal to the greater of (i) \$41,667 or (ii) one-twelfth of the total salary and bonuses received by Mr. Parker during the 12-month period immediately preceding his termination. If Mr. Parker is terminated without cause, the parties may mutually agree to waive the covenant not to compete, and if Mr. Parker is terminated for cause, the Company may unilaterally waive the covenant. If the covenant is waived, the Company will not be required to make the payments described above for the months as to which the waiver applies.

The Company has an employment agreement and a covenant not to compete with Vice President Ian T. Todd, pursuant to which Mr. Todd is to receive minimum annual salary increases of five percent, and a target bonus of 60 percent of his annual salary. Mr. Todd will also be granted an option to purchase 25,000 shares of Class B Stock each year during the term of his contract, which expires July 31, 2004. Company has guaranteed a minimum level of appreciation in such options during the employment contract period. In the event the appreciation of vested options is less than an amount computed assuming a 10% per annum increase in share value, the Company will pay a cash bonus on July 31, 2004

equal to the shortfall. The options generally vest with respect to 25% of each option on the first four anniversaries of the option. If Mr. Todd's employment is terminated without cause before any of the options completely vest, the remaining unvested portion of all options granted to Mr. Todd during the term of his employment contract will vest and the options will terminate on July 31, 2004. In that event, the Company's guarantee of appreciation described above would still apply. In addition, if Mr. Todd's employment with the Company is terminated without cause, the Company will pay to Mr. Todd as severance, upon

Edgar Filing: NIKE INC - Form DEF 14A

the satisfaction of certain conditions, an amount equal to 24 months' of Mr. Todd's base salary. His covenant not to compete extends for one year following the termination of his employment with the Company.

CERTAIN TRANSACTIONS AND BUSINESS RELATIONSHIPS

During the fiscal year ended May 31, 2001, the Company paid Harbor Point Associates, Inc., of which director Ralph D. DeNunzio is President, \$91,667 for financial consulting services, and paid Dr. Jill K. Conway \$74,487 (\$37,226 in cash, and 884 shares of Class B Stock valued at \$37,261) for consulting services rendered for labor and corporate responsibility matters. The Company expects to pay Mr. DeNunzio, or his firm, and Dr. Conway for additional consulting services that may be performed by them for the Company during fiscal year 2002.

Mr. Knight makes his airplane available for business use by the Company for no charge. NIKE operates and maintains the aircraft. During fiscal 2001, Mr. Knight reimbursed the Company \$63,439 for NIKE's operating costs related to his personal use of this aircraft.

INDEBTEDNESS OF MANAGEMENT

In 1994 the Company loaned \$500,000 at 5.65% per annum to President of New Business Ventures Thomas E. Clarke for the purchase of a second home. The loan is secured by the second home, and must be repaid within 180 days following termination of employment. As an inducement to remain employed by the Company, the Company has agreed to forgive \$100,000 of the loan commencing January 1, 2000 and on each of the four anniversary dates thereafter, provided that Dr. Clarke remains employed by the Company.

PROPOSAL 2

APPROVAL OF THE NIKE, INC. EMPLOYEE STOCK PURCHASE PLAN

The Company's Employee Stock Purchase Plan (the "ESPP") is intended to provide a convenient and practical means by which employees may participate in stock ownership of the Company. The Board of Directors believes that the opportunity to acquire a proprietary interest in the success of the Company through the acquisition of shares of Class B Stock pursuant to the ESPP will be an important aspect of the Company's ability to attract and retain highly qualified and motivated employees. Accordingly, the Board has approved the ESPP, subject to shareholder approval.

The complete text of the ESPP is attached to this proxy statement as Exhibit A. The following description of the ESPP is a summary of certain provisions and is qualified in its entirety by reference to Exhibit A.

DESCRIPTION OF THE ESPP

Shares Reserved for the ESPP. A total of 3,000,000 shares of Class B Stock are reserved under the ESPP for issuance to participating employees. The number of shares reserved under the ESPP is subject to adjustment in the event of stock dividends, reverse or forward stock splits, combinations of shares, recapitalizations or other changes in the outstanding Class B Stock.

Eligibility. All active employees of the Company and its participating subsidiaries are eligible to participate in the ESPP, except for the following: (a) any employee who has been employed less than one month when an offering commences, (b) any employee whose customary employment is less than 20 hours per week, and (c) any employee who would, immediately after an offering, and after

Edgar Filing: NIKE INC - Form DEF 14A

including the number of shares that could be purchased in that offering, own or be deemed to own five percent or more of the voting power or value of all classes of stock of the Company or any subsidiary of the Company.

ESPP Offerings. The ESPP shall be implemented by a series of six-month offerings, with a new offering commencing on April 1 and October 1 of each year beginning with October 1, 2001. The first day of each offering is the "offering date" for that offering and the last day of each offering is the "purchase date" for that offering. An employee may purchase shares only through payroll deductions permitted under the ESPP. Payroll deductions must be not less than 1% or more than 10% of the participant's compensation.

The maximum number of shares that any participant may purchase in any single offering is 1,000 shares. In addition, the terms of an offering may not allow an employee's right to purchase shares under all stock purchase plans of the Company and its subsidiaries to which Section 423 of the Internal Revenue Code of 1986, as amended (the "Code"), applies to accrue at a rate that exceeds \$25,000 of

21

25

fair market value of shares, as determined on the offering date, for each calendar year in which the offering is outstanding.

Purchase Price. The price at which shares may be purchased in an offering will be the lower of (a) 85 percent of the fair market value of a share of Class B Stock on the offering date of the offering or (b) 85 percent of the fair market value of a share of Class B Stock on the purchase date of the offering. The fair market value of a share of Class B Stock on any date will be the closing price on the immediately preceding trading day of the Class B Stock on the New York Stock Exchange or, if the Class B Stock is not traded on the New York Stock Exchange, such other reported value of the Class B Stock as may be specified by the Board of Directors.

Termination and Amendment. The ESPP will terminate when all of the shares reserved for purposes of the ESPP have been purchased, provided that the Board of Directors in its sole discretion may terminate the ESPP at any time. The Board may at any time amend the ESPP in any and all respects, provided that without shareholder approval, the Board may not increase the number of shares reserved for the ESPP or decrease the purchase price of shares offered pursuant to the ESPP.

TAX CONSEQUENCES

The ESPP is intended to qualify as an "employee stock purchase plan" within the meaning of Section 423 of the Code. Under the Code, employees will not recognize taxable income or gain with respect to shares purchased under the ESPP either at the offering date or the purchase date of an offering. If an employee disposes of shares purchased under the ESPP more than two years after the offering date, or in the event of the employee's death at any time, the employee or the employee's estate generally will be required to report as ordinary compensation income for the taxable year of disposition or death an amount equal to the lesser of (a) the excess of the fair market value of the shares at the time of disposition or death over the applicable purchase price, or (b) 15 percent of the fair market value of the shares on the offering date. In the case of such a disposition or death, the Company will not be entitled to any deduction from income. Any gain on the disposition in excess of the amount treated as ordinary compensation income generally will be capital gain.

If an employee disposes of shares purchased under the ESPP within two years after the offering date, the employee generally will be required to report the

Edgar Filing: NIKE INC - Form DEF 14A

excess of the fair market value of the shares on the purchase date over the applicable purchase price as ordinary compensation income for the year of disposition. If the disposition is by sale, any difference between the fair market value of the shares on the purchase date and the disposition price generally will be capital gain or loss. In the event of a disposition within two years after the offering date, subject to certain limitations such as the \$1,000,000 cap on deductibility under Section 162(m) of the Code, the Company generally will be entitled to a deduction from income in the year of such disposition equal to the amount the employee is required to report as ordinary compensation income.

RECOMMENDATION OF THE BOARD

The Board of Directors recommends that shareholders vote FOR approval of the ESPP. Holders of Class A Stock and Class B Stock will vote together as a single class on Proposal 2. If holders of a majority of the shares of Common Stock vote on the proposal, Proposal 2 will be adopted if the votes cast in favor of the proposal exceed the votes cast against the proposal. Accordingly, abstentions and broker non-votes will have no effect on the results of the vote.

PROPOSAL 3

SHAREHOLDER PROPOSAL

John C. Harrington, P.O. Box 6108, Napa, California 94581-1108, a holder of 100 shares of Class B Stock, submitted the following resolution (the "Proposal"), for the reasons stated. The Board of Directors recommends a vote AGAINST the Proposal and asks shareholders to read through NIKE's response, which follows the shareholder proposal.

US BUSINESS PRINCIPLES FOR HUMAN RIGHTS OF WORKERS IN CHINA

WHEREAS: our company's business practices in China respect human and labor rights of workers. The eleven principles below were designed to commit a company to a widely accepted and thorough set of human and labor rights standards for China. They were defined by the International Labor Organization and the United Nations Covenants on Economic, Social and Cultural Rights, and Civil, and Political Rights. They have been signed by the Chinese government and China's national laws.

(1) No goods or products produced within our company's facilities or those of suppliers shall be manufactured by bonded labor, forced labor, within prison camps or as part of reform-through-labor or reeducation-through-labor programs.

(2) Our facilities and suppliers shall adhere to wages that meet workers' basic needs, fair and decent working hours, and at a minimum, to the wage and hour guidelines provided by China's national labor laws.

(3) Our facilities and suppliers shall prohibit the use of corporal punishment, any physical, sexual or verbal abuse or harassment of workers.

(4) Our facilities and suppliers shall use production methods that do not negatively affect the worker's occupational safety and health.

(5) Our facilities and suppliers shall not call on police or military to enter their premises to prevent workers from exercising their rights.

23

(6) We shall undertake to promote the following freedoms among our employees and the employees of our suppliers: freedom of association and assembly, including the rights to form unions and bargain collectively; freedom of expression, and freedom from arbitrary arrest or detention.

(7) Company employees and those of our suppliers shall not face discrimination in hiring, remuneration or promotion based on age, gender, marital status, pregnancy, ethnicity or region of origin.

(8) Company employees and those of our suppliers shall not face discrimination in hiring, remuneration or promotion based on labor, political or religious activity, or on involvement in demonstrations, past records of arrests or internal exile for peaceful protest, or membership in organizations committed to non-violent social or political change.

(9) Our facilities and suppliers shall use environmentally responsible methods of production that have minimum adverse impact on land, air and water quality.

(10) Our facilities and suppliers shall prohibit child labor, at a minimum comply with guidelines on minimum age for employment within China's national labor laws.

(11) We will issue annual statements to the Human Rights for Workers in China Working Group detailing our efforts to uphold these principles and to promote these basic freedoms.

RESOLVED: Stockholders request the Board of Directors to make all possible lawful efforts to implement and/or increase activity on each of the principles named above in the People's Republic of China.

SUPPORTING STATEMENT: As U.S. companies import more goods, consumer and shareholder concern is growing about working conditions in China that fall below basic standards of fair and humane treatment. We hope that our company can prove to be a leader in its industry and embrace these principles.

RECOMMENDATION OF THE BOARD

The Board of Directors recommends a vote AGAINST adoption of the Proposal for the following reasons:

NIKE supports the general intent of the Proposal, but believes that it already has a Code of Conduct that addresses most of the principles contained in the Proposal that the Company can legally comply with in China. Also, there are elements of the proposal that are vague and so sweeping in nature that compliance would be difficult or impossible to measure.

NIKE is committed to operating in full compliance with applicable laws in every country in which it does business, including China, and requires the same compliance of its contract manufacturers.

NIKE was among the first in the industry to establish standards for labor practices and environmental responsibility in the numerous countries in which its products are manufactured. These standards and principles are embodied in the NIKE Code of Conduct, first established in 1992. NIKE has regularly revised, improved and expanded the Code of Conduct as it has been able to raise levels of compliance in its contract factories. The Code's requirements frequently exceed the requirements of local laws in many countries, and in many instances impose

Edgar Filing: NIKE INC - Form DEF 14A

standards that are higher than those stated in the Proposal.

The Board believes the Proposal is redundant because NIKE's Code of Conduct already prohibits the use of forced labor or child labor, and requires employers to respect the dignity of workers. Moreover, NIKE works with its contractors on safety standards, and has adopted specific exposure limit standards for indoor factory air quality (or their equivalent) established by U.S. OSHA.

Since 1992, the Company has invested significant resources to develop its own internal system to monitor compliance with the Code of Conduct, and to work with external auditing partners, and, more recently, international non-governmental organizations to collect data directly from workers to help enforce the Code.

In addition, some parts of the Proposal are vague and overbroad, and lack clear standards, such as requiring wages that meet workers' "basic needs," requiring production methods that do not "negatively affect" worker health and have "minimum adverse impact" on land, air and water quality, and "promoting" enumerated freedoms.

The Proposal also calls for contradictory actions. It requires an employer to comply with the law of the country in which it operates, but also requires that the employer promote the right to form unions and establish collective bargaining -- actions which are illegal in China. Further, since NIKE does not control the state in China, nor its police, the Company is not in a position to guarantee workers freedom from arrest or detention. Where rights of free association and collective bargaining are illegal, NIKE has successfully used worker opinion surveys conducted by independent non-governmental organizations to provide necessary information to NIKE and factory management about workers' needs and desires.

But, in the spirit of the proponent of the Proposal, NIKE has, in the past three years,

- raised the minimum age for workers to 18 years for its contract footwear factories and 16 for its apparel factories.
- sponsored, with its factory partners, loan programs for workers to provide capital for small businesses in factory communities, and free education for workers seeking to improve their quality of life.
- improved the air quality in factories by developing and introducing safe water-based glues to replace petroleum-based glues in shoe production.

25

29

- worked with the Global Alliance for Workers and Communities to assess worker sentiments and needs in factories in Thailand, Vietnam and Indonesia, and developed remediation plans to meet worker concerns about conditions and benefits such as education or health care. The Global Alliance will undertake similar survey research in China. See www.theglobalalliance.org.
- made significant investments in community youth sports development programs in China, including building or making available high quality youth sports facilities and organizing and funding youth sports programs.

The Board encourages shareholders to obtain more information about these programs and the NIKE Code of Conduct, and also to take a look inside a factory at www.nikebiz.com/social.

Edgar Filing: NIKE INC - Form DEF 14A

Although the Board agrees with the concerns for worker welfare expressed, the Board believes that adoption of the Proposal as currently worded would be counterproductive because of its redundancy with the Code of Conduct, vague and conflicting requirements, and the potential to divert valuable resources from Code of Conduct compliance monitoring. Accordingly, the Board recommends a vote AGAINST the Proposal.

Holders of Class A Stock and Class B Stock will vote together as a single class on Proposal 3. If holders of a majority of the shares of Common Stock vote on the proposal, Proposal 3 will be adopted if the votes cast in favor of the proposal exceed the votes cast against the proposal. Accordingly, abstentions and broker non-votes will have no effect on the results of the vote.

EXHIBIT A

NIKE, INC. EMPLOYEE STOCK PURCHASE PLAN

1. Purpose of the Plan. NIKE, Inc. (the "Company") believes that ownership

Edgar Filing: NIKE INC - Form DEF 14A

of shares of its common stock by employees of the Company and its Participating Subsidiaries (as defined below) is desirable as an incentive to better performance and improvement of profits, and as a means by which employees may share in the rewards of growth and success. The purpose of the Company's Employee Stock Purchase Plan (the "Plan") is to provide a convenient means by which employees of the Company and Participating Subsidiaries may purchase the Company's shares through payroll deductions and a method by which the Company may assist and encourage such employees to become share owners.

2. Shares Reserved for the Plan. There are 3,000,000 shares of the Company's authorized but unissued or reacquired Class B Common Stock reserved for purposes of the Plan. The number of shares reserved for the Plan is subject to adjustment in the event of any stock dividend, stock split, combination of shares, recapitalization or other change in the outstanding Class B Common Stock of the Company. The determination of whether an adjustment shall be made and the manner of any such adjustment shall be made by the Board of Directors of the Company, which determination shall be conclusive.

3. Administration of the Plan. The Plan shall be administered by or under the direction of the Personnel Committee of the Board of Directors, which may delegate some or all of its duties and authority to one or more Company employees. The Personnel Committee may promulgate rules and regulations for the operation of the Plan, adopt forms for use in connection with the Plan, and decide any question of interpretation of the Plan or rights arising thereunder. The Personnel Committee may consult with counsel for the Company on any matter arising under the Plan. All determinations and decisions of the Personnel Committee shall be conclusive.

4. Eligible Employees. All Eligible Employees (as defined below) of the Company and all Eligible Employees of each corporate subsidiary of the Company that is designated by the Board of Directors of the Company as a participant in the Plan (such participating subsidiary being hereinafter called a "Participating Subsidiary") are eligible to participate in the Plan. An "Eligible Employee" is an employee who has been employed by the Company or a Participating Subsidiary for at least one full month prior to the Offering Date (as defined below) excluding, however, (a) any employee whose customary employment is less than 20 hours per week, and (b) any employee who would, after a purchase of shares under the Plan, own or be deemed (under Section 424(d) of the Internal Revenue Code of 1986, as amended (the "Code")) to own stock (including stock subject to any outstanding options held by the employee) possessing 5 percent or more of the total combined voting power or value of all classes of stock of the Company or any parent or subsidiary of the Company.

A-1

33

5. Offerings.

(a) Offering and Purchase Dates. The Plan shall be implemented by a series of six-month offerings (the "Offerings"), with a new Offering commencing on April 1 and October 1 of each year beginning with October 1, 2001. Each Offering commencing on April 1 of any year shall end on September 30 of that year, and each Offering commencing on October 1 of any year shall end on March 31 of the following year. The first day of each Offering is the "Offering Date" for that Offering and the last day of each Offering is the "Purchase Date" for that Offering.

(b) Grants; Limitations. On each Offering Date, each Eligible Employee shall be granted an option under the Plan to purchase shares of Class B Common Stock on the Purchase Date for the Offering for the price determined under paragraph 7 of the Plan exclusively through payroll deductions authorized under paragraph 6 of the Plan; provided, however, that (i) no option shall permit the

Edgar Filing: NIKE INC - Form DEF 14A

purchase of more than 1,000 shares, and (ii) no option may be granted under the Plan that would allow an employee's right to purchase shares under all stock purchase plans of the Company and its parents and subsidiaries to which Section 423 of the Code applies to accrue at a rate that exceeds \$25,000 of fair market value of shares (determined at the date of grant) for each calendar year in which such option is outstanding.

6. Participation in the Plan.

(a) Initiating Participation. An Eligible Employee may participate in an Offering under the Plan by filing with the Company a subscription and payroll deduction authorization on a form furnished by the Company. The subscription and payroll deduction authorization must be filed no later than the "Subscription Deadline," which shall be a number of days prior to the Offering Date with the exact number of days being established from time to time by the Personnel Committee by written notice to Eligible Employees. Once filed, a subscription and payroll deduction authorization shall remain in effect unless amended or terminated, and upon the expiration of an Offering the participants in that Offering will be automatically enrolled in the new Offering starting the following day. The payroll deduction authorization will authorize the employing corporation to make payroll deductions in an amount designated by the participant from each of the participant's paychecks during the Offering. The designated amount to be deducted from each paycheck must be a whole percentage of not less than one percent or more than 10 percent of the participant's Compensation (as defined below) for the period covered by the paycheck. If payroll deductions are made by a Participating Subsidiary, that corporation will promptly remit the amount of the deductions to the Company.

(b) Definition of Compensation. "Compensation" means the participant's pay reportable on IRS Form W-2 (under Section 3401(a) of the Code), adjusted as follows:

(i) Before-tax contributions to a non-qualified deferred compensation arrangement, contributions to a plan qualified under Section 401(k) of the Code, and any amounts set aside by the

A-2

34

participant from otherwise taxable pay under a welfare benefit plan qualified under Section 125 of the Code shall be included.

(ii) Expense reimbursements, disability benefits, payments from a nonqualified deferred compensation arrangement, stock option income, and adjustments for overseas employment (other than any transfer premium) shall be excluded.

(iii) Any payment representing excess vacation or paid time-off accruals (where such excess represents vacation or time-off not taken) shall be excluded.

(c) Amending Participation. After a participant has begun participating in the Plan by initiating payroll deductions, the participant may amend the payroll deduction authorization (i) once during any Offering to decrease the amount of payroll deductions, and (ii) effective for the first paycheck of a new Offering to either increase or decrease the amount of payroll deductions. In addition, if the amount of payroll deductions from any participant during an Offering exceeds the maximum amount that can be applied to purchase shares in that Offering under the limitations set forth in paragraph 5(b) above, then (x) as soon as practicable following a written request from the participant, payroll deductions from the participant shall cease and all such excess amounts shall be refunded to the participant, and (y) payroll deductions from the participant shall

Edgar Filing: NIKE INC - Form DEF 14A

restart as of the commencement of the next Offering at the rate set forth in the participant's then effective payroll deduction authorization. A permitted change in payroll deductions shall be effective for any paycheck only if written notice is received by the Company at least 10 business days prior to the payday for that paycheck.

(d) Terminating Participation. After a participant has begun participating in the Plan by initiating payroll deductions, the participant may terminate participation in the Plan by written notice received by the Company at least some number of days prior to a Purchase Date, with the exact number of days being established from time to time by the Personnel Committee by written notice to participants. Participation in the Plan shall also terminate when a participant ceases to be an Eligible Employee for any reason, including death or retirement. A participant may not reinstate participation in the Plan with respect to a particular Offering after once terminating participation in the Plan with respect to that Offering. Upon termination of a participant's participation in the Plan, all amounts deducted from the participant's Compensation and not previously used to purchase shares under the Plan shall be returned to the participant.

7. Option Price. The price at which shares shall be purchased in an Offering shall be the lower of (a) 85% of the fair market value of a share of Class B Common Stock on the Offering Date of the Offering or (b) 85% of the fair market value of a share of Class B Common Stock on the Purchase Date of the Offering. The fair market value of a share of Class B Common Stock on any date shall be the closing price on the immediately preceding trading day of the Class B Common Stock on the New York Stock Exchange or, if the Class B Common Stock is not traded on the New York Stock Exchange, such other reported value of the Class B Common Stock as shall be specified by the Board of Directors.

A-3

35

8. Purchase of Shares. All amounts withheld from the Compensation of a participant shall be credited to his or her account under the Plan. No interest will be paid on such accounts, unless otherwise determined by the Board of Directors. On each Purchase Date, the amount of the account of each participant will be applied to the purchase of shares (including fractional shares) by such participant from the Company at the price determined under paragraph 7 above. Any cash balance remaining in a participant's account after a Purchase Date as a result of the limitations set forth in paragraph 5(b) above shall be repaid to the participant.

9. Delivery and Custody of Shares. Shares purchased by participants pursuant to the Plan will be delivered to and held in the custody of such investment or financial firm (the "Custodian") as shall be appointed by the Personnel Committee. The Custodian may hold in nominee or street name certificates for shares purchased pursuant to the Plan, and may commingle shares in its custody pursuant to the Plan in a single account without identification as to individual participants. By appropriate instructions to the Custodian, a participant may from time to time sell all or part of the shares held by the Custodian for the participant's account at the market price at the time the order is executed. If a participant desires to sell all of the shares in his or her account, the Custodian or the Company will purchase any fraction of a share in the account at the same price per share that the whole shares are sold on the market. By appropriate instructions to the Custodian, a participant may obtain (a) transfer into the participant's own name of all or part of the whole shares held by the Custodian for the participant's account and delivery of such whole shares to the participant, or (b) transfer of all or part of the whole shares held for the participant's account by the Custodian to a regular individual brokerage account in the participant's own name, either with the firm then acting as Custodian or with another firm; provided, however, that no shares may

Edgar Filing: NIKE INC - Form DEF 14A

be transferred under (a) or (b) until two years after the Offering Date of the Offering in which the shares were purchased.

10. Records and Statements. The Custodian will maintain the records of the Plan. As soon as practicable after each Purchase Date each participant will receive a statement showing the activity of his or her account since the preceding Purchase Date and the balance on the Purchase Date as to both cash and shares. Participants will be furnished such other reports and statements, and at such intervals, as the Personnel Committee shall determine from time to time.

11. Expense of the Plan. The Company will pay all expenses incident to operation of the Plan, including costs of record keeping, accounting fees, legal fees, commissions and issue or transfer taxes on purchases pursuant to the Plan, on dividend reinvestments and on delivery of shares to a participant or into his or her brokerage account. The Company will not pay expenses, commissions or taxes incurred in connection with sales of shares by the Custodian at the request of a participant. Expenses to be paid by a participant will be deducted from the proceeds of sale prior to remittance.

12. Rights Not Transferable. The right to purchase shares under this Plan is not transferable by a participant, and such right is exercisable during the participant's lifetime only by the participant. Upon the death of a participant, any cash withheld and not previously applied to purchase shares, together with

A-4

36

any shares held by the Custodian for the participant's account shall be transferred to the persons entitled thereto under the laws of the state of domicile of the participant upon a proper showing of authority.

13. Dividends and Other Distributions; Reinvestment. Stock dividends and other distributions in shares of Class B Common Stock of the Company on shares held by the Custodian shall be issued to the Custodian and held by it for the account of the respective participants entitled thereto. Cash distributions other than dividends, if any, on shares held by the Custodian will be paid currently to the participants entitled thereto. Cash dividends, if any, on shares held by the Custodian will be reinvested in Class B Common Stock on behalf of the participants entitled thereto. The Custodian shall establish a separate account for each participant for the purpose of holding shares acquired through reinvestment of the participant's dividends. On each dividend payment date, the Custodian shall receive from the Company the aggregate amount of dividends payable with respect to all shares held by the Custodian for participants' accounts under the Plan. As soon as practicable thereafter, the Custodian shall use all of the funds so received to purchase shares of Class B Common Stock in the public market, and shall then allocate such shares (including fractional shares) among the dividend reinvestment accounts of the participants pro rata based on the amount of dividends reinvested for each participant. A participant may sell or transfer shares in the participant's dividend reinvestment account in accordance with paragraph 9 above, except that there shall be no holding period required for a transfer from a dividend reinvestment account.

14. Voting and Shareholder Communications. In connection with voting on any matter submitted to the shareholders of the Company, the Custodian will cause the shares held by the Custodian for each participant's accounts to be voted in accordance with instructions from the participant or, if requested by a participant, furnish to the participant a proxy authorizing the participant to vote the shares held by the Custodian for his or her accounts. Copies of all general communications to shareholders of the Company will be sent to participants in the Plan.

15. Tax Withholding. Each participant who has purchased shares under the

Edgar Filing: NIKE INC - Form DEF 14A

Plan shall immediately upon notification of the amount due, if any, pay to the Company in cash amounts necessary to satisfy any applicable federal, state and local tax withholding determined by the Company to be required. If the Company determines that additional withholding is required beyond any amount deposited at the time of purchase, the participant shall pay such amount to the Company on demand. If the participant fails to pay the amount demanded, the Company may withhold that amount from other amounts payable by the Company to the participant, including salary, subject to applicable law.

16. Responsibility and Indemnity. Neither the Company, its Board of Directors, the Personnel Committee, the Custodian, any Participating Subsidiary, nor any member, officer, agent, or employee of any of them, shall be liable to any participant under the Plan for any mistake of judgment or for any omission or wrongful act unless resulting from gross negligence, willful misconduct or intentional misfeasance. The Company will indemnify and save harmless its Board of Directors, the Personnel Committee, the Custodian and any such member, officer, agent or employee against any claim, loss,

A-5

37

liability or expense arising out of the Plan, except such as may result from the gross negligence, willful misconduct or intentional misfeasance of such entity or person.

17. Conditions and Approvals. The obligations of the Company under the Plan shall be subject to compliance with all applicable state and federal laws and regulations, compliance with the rules of any stock exchange on which the Company's securities may be listed, and approval of such federal and state authorities or agencies as may have jurisdiction over the Plan or the Company. The Company will use its best effort to comply with such laws, regulations and rules and to obtain such approvals.

18. Amendment of the Plan. The Board of Directors of the Company may from time to time amend the Plan in any and all respects, except that without the approval of the shareholders of the Company, the Board of Directors may not increase the number of shares reserved for the Plan (except for adjustments authorized in paragraph 2 above) or decrease the purchase price of shares offered pursuant to the Plan.

19. Termination of the Plan. The Plan shall terminate when all of the shares reserved for purposes of the Plan have been purchased, provided that the Board of Directors in its sole discretion may at any time terminate the Plan without any obligation on account of such termination, except as hereinafter in this paragraph provided. Upon termination of the Plan, the cash and shares, if any, held in the accounts of each participant shall forthwith be distributed to the participant or to the participant's order, provided that if prior to the termination of the Plan, the Board of Directors and shareholders of the Company shall have adopted and approved a substantially similar plan, the Board of Directors may in its discretion determine that the accounts of each participant under this Plan shall be carried forward and continued as the accounts of such participant under such other plan, subject to the right of any participant to request distribution of the cash and shares, if any, held for his accounts.
